BASEBALL POOL GAMBLERS AVOID THE USE OF MAILS

Fear of U. S. Laws Despite Their "Information Bureau" Mask Is Shown by Refusal to Do Business Through Post-Office.

If there is anything which promoters of get-rich-quick swindles, lotter es and the like fear it is "mail inspectors." Crooks and gambiers of every not are wary of carrying on operations that may attract the attention of the Pederal Government. In the half world post-office inspectors command the respect of any one concerned in questionable enterprises, for it is mown that evidence that may send an offender to a Federal prison is not

were wiening anything.

the buyer of a chance in the lottery over wiching anything.

The five-longue peel, as has been mon-tisenst before, is capable of \$1,70 combinations, this fact preducing the \$1,50 lines bi-weekly flows into the coffers of the promoters when all the chances are noid. The number of prises, including the "grand prise" and the other high, low and daily prises, number only a few more than two hundred. The more than \$1,500 other credutous men, wemen and shiften have morely chipped in a quarter each to help build up the \$1,000 or more "valvet" that every two weeks

HOW TO BUILD A HOME

Tenth Article and Tenth Set of Plans.

Work of the Architect and How His Fees Are Figured; Some Extras to Be Watched

Special Work and All "Extras" Mean Additional Cost to Owner, So Care Should Be Taken in Drawing Original Con-

Architect's Fee Based on Total Cost of Building. Materials Being Figured at Current Market Prices-His Authority Over the Work of Construction.

By Sophie Irene Loeb. If you only had \$1,000 and wanted home, how would you go about iff These are the questions that confront

from my carnings each month? In accordance with this, how

Where would it be most desirable to build?
What is the most direct method to begin immediate operation?
It this series of articles The Evening Warld will present facus found after investigation in the interest of the would-be home-builder, so that he may avoid the pitfalls that confront the small investor whe can ill afford to lose his hard-carned savings.

Eince the market is full of various materials for building, it is not the purpose of these articles to go specifically into the merits of these, but will present in the building plane materials of

Among other sliegations is the charge that while the couple were touring on the steamship Carl Schurz bound for Mingrion, Jamalca and Colon, Mr. Bahrenburg struck her in the face with his elemental strict and knocked first and k

the specifications since the architect is entitled to special fees if an operation s conducted under separate contract

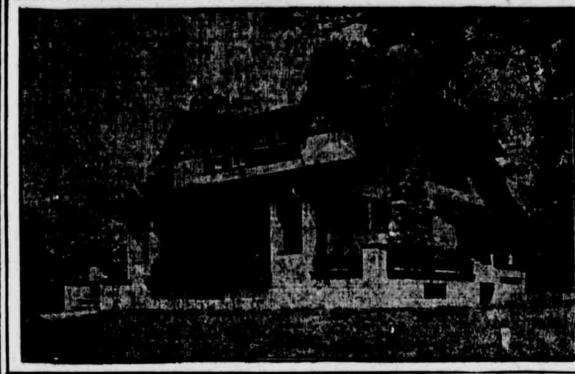

is usually paid for such additional services and expense.

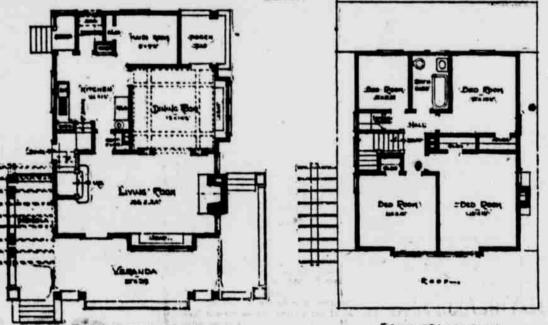

Where heating, ventilating, mechanical structural, electrical and sanitary problems are of such a nature as to require the services of a specialist, the aware is to pay for such services.

Chemical and mechanical tests and surveys, when required, are to be paid for by the owner. Various arrangements may be made

with the architect as to payments. The sit trainmaster, was struck by a train general method, however, is to pay as in the new Centre street loop, between his work progresses and the order is the Bowery and Eusex street stations, usually as follows: Upon completion of yesterday afternoon. His right leg was the preliminary studies, one-fifth of the cut off below the knee. He is in Gou-entire fee; upon completion of specifica-tions and general working drawings (ex-clusive of details), two-fifths additional, when the train struck him. the remainder being due from time te time in proportion to the amount of work finished. Until an actual estimate is received, charges are based upon the proposed cost of the work and payments are on account of the entire fee.

Should work be stopped on the prop-erty, the common basis of settlement is: For preliminary studies, a fee in accordance with the character and magni-tude of the work; for preliminary studies, specifications and general working drawings (exclusive of details) three-An Operation Which May Loave Afths of the fee for complete services.
